Testimony Before Senate Committee Brands UN As Hotbed For Traitors

CHARTER FOR UN DRAFTED BY ZIONIST

A very clear appreciation of the U. N. O. is to be found in **Victors Beware!**—a work by Professor deMadariaga. An exile from Spain, having held office in the Moscow-sponsored Spanish Republican government, de Madariaga should be a qualified judge of Soviet tactics. He writes:

"The (UNO) Charter is in the main a translation of the Russian system into an international idiom and its adoption to an international community The overwhelming mass of Russia's political influence has weighed down the evolution of world affairs and is now taking us back to an unholy alliance of big Powers, resting upon force and very little else."

"UNO," de Madariaga tells us, "bore upon its brow from the very beginning the mark of Moscow." (Page 270)

That this should be so must appear inexplicable to all who have been deceived by the false propaganda spread about UNO. But many who have heard so much have never been told Dr. Leo Pasvolsky. "Special U.S. Assistant Secretary of State," drew up the UN Charter with the assistance of Hiss the traitor who was then in the State Dept. surrounded by Communists and homosex-

The last few days the daily papers have been featuring information with reference to the United States being saturated with Communists. This is not news to readers of **COMMON SENSE** as they have been familiarized with this for the past two years obtaining their information from this fighting paper. We have republished in this issue an article which appeared in our paper

By Merwin K. Hart, President, National
Economic Council, Inc., - From Letter No. 297

There is danger, of course, that sooner or later Soviet Russia will attack the United States Militarily. This could be avoided its effects mitigated if the United States would give more attention to her own security and drastically reduce the scattering of her energies and savings and her irreplaceable natural resources, all over the earth.

Nevertheless, Soviet Russia means some day to have a try at us, for she believes that Capitalism and a belief in God cannot live in the same world with godless Communism.

Soviet Russia has the immense advantage of low cost Production. This is due not only to her great natural resources, but to what is practically slave labor. Her military strength today is due even more to the immense quantities of materiel we have shipped her, and to the military and industrial secrets that the Roosevelt and Truman Administrations permitted her to steal from us or gave her outright.

Recently the newsmen of foreign countries, includ-

Newspapers carrying reports of Communist infiltration wouldn't dare report this in a way the public would understand that

ing Iron Curtain countries, were invited aboard U. S. permitted to make notes, take photographs, and other warships, to the consternation of naval authorities, and wise observe our most secret devices. Such incidents happen when the policy of the State Department is to fraternize with all other nations, even, to an extent, with Soviet Russia which is fighting us in Korea.

Greatest Danger is From Within

But the greatest danger to America is not from without, but from within. It's right here at home. The clever, far-seeing Communists would rather not destroy our cities. Wouldn't anybody prefer to come into possession of something valuable, intact and undamaged?

And the greatest factor in this danger here is the existence in our midst of the United Nations. Based as it is upon theories of collectivism, it is itself a funnel through which Communists come freely into the United States. On June 16, 1948, Robert C. Alexander of the State Department testified under oath to this effect.

We believe the infiltration and subsequent taking over of the United States was the real purpose of those who thought up the UN. It was not for nothing that Alger Hiss (long since in prison for lying about his Communist activities) and Harry D. White, Assistant Secretary of the Treasury (who died suddenly and mysteriously in 1949 while evidence of his Communist connections was coming out), were among the leaders in the drafting of the United Nations Charter and in piloting it through the San Francisco Conference in 1945.

The danger of locating the UN on the East Coast, and especially near New York, was officially condemned, according to the New York Sunday Mirror of March 24, 1946, by the Army and Navy Intelligence and the FBI as a definite threat to national security. This dispatch said in part that "if war should come, it was pointed out, enemy spies and saboteurs could find asylum within the internationalist borders of UN."

It is not surprising therefore that a UP dispatch from Salt Lake City October 8, quoted Senator Pat McCarran, Chairman of the Senate Internal Security Committee, as saying investigation would commence October 13 "of the American members of the United Nations for 'subversive activities.'"

"United Nations Day"

October 24 has become "United Nations Day," The Chairman of the "National Citizens Committee for United Nations Day" has said that "the UN Day Committee was set up by the U. S. government in 1948 in response to a General Assembly Resolution." Apparently it was set up by the State Department—not by the Congress. In the last few years a great ballyhoo has taken place every Fall in celebration of United Nations Day—a ballyhoo greater than in the celebration of even our own Independence Day! We will say something about this United Nations Day Committee later on in this Letter.

United Nations Day is a synthetic affair. There is nothing spontaneous about it. Among the names of its promoters we find a heavy sprinkling of those who were most active in 1940 and 1941 in trying to get the United States into World War II.

We have before us a 12-page pamphlet put out by the National Citizens Committee for United Nations Day. It is entitled "Leaders Guide for Individual and Community Action." On page 3 is "A Message from the National Chairman, Frank L. Weil," in which we read:

"The Committee's concept of its objective is that such observances (of United Nations Day) are a means to an end, and that the end is increasing knowledge about and understanding of the United Nations by the American public."

We have not detected anything in the United States, excepting in the State Department and here and there about the country among a scattering of "liberals," the slightest emotional feeling in favor of the UN. Efforts have been made to persuade people to fly the UN flag. Yet in all midtown Manhattan, (and we get about quite a good deal) we know of only two buildings that fly it. But on any patriotic occasion, and frequently when there is no patriotic occasion, there are countless places where one sees the American flag.

While we have traveled in eight or nine European countries a good many times since the UN was formed, we have yet to see a UN flag on display. We casually asked a younger member of the British Parliament two or three years ago what Britain would do if the UN told Britain to take a certain course which Britain did not think to be in her interest. He calmly replied, "We would tell the UN to go to hell." Of course they would. And so would any other self-respecting nation.

There is not only no confidence in the UN among the people of other countries, outside, of course, of a few enthusiasts in and out of official circles—there is not even any interest in it. Britain is going to decide—in fact seems already to have decided—not to take any part in collective security for the Continent of Europe. According to the New York Herald-Tribune of October 8 the French Government had "decided to fight with every weapon at its disposal any interference by the United Nations in the Tunisian and Moroccan questions."

The Real Purpose

Anyone who has ordered Christmas cards and has not received them please notify the office of Common Sense and the boxes requested.

Of the UN

Now, as said above, it will be through the United Nations and its ever more complicated subdivisions that the United States will be taken over, if it is to happen. And that, we repeat, is precisely what it was designed to do.

We told in Letter 295 of the "seizure" of cities in 1951 and 1952, and the feigned declaring of martial law, notably in eight small California cities. In every one of those cities the officer commanding the troops and issuing "proclamations," announced he was acting for the United Nations.

A casual visitor to the strange United Nations Building, constructed without regard to cost, on the East River shore of Manhattan, will probably observe nothing but sweetness and light. We sat in recently at a meeting of a sub-committee of the Economic and Social Council. It was late in starting, and as the perhaps 200 visitors gathered, a personable young woman representing, we found afterwards, the American Association for the United Nations, glibly answered all questions. She explained that the sub-committee merely made a report to the Economic and Social Council on the question before it; and the question it had been debating for the past two or three weeks had to do with racial discrimination in various countries. One man pressed his question as to what action the Economic and Social Council would take. The young woman explained that it would take none because the UN has no power. "Public opinion must handle it then."

But her reply was disingenuous. For the UN has power—power for unlimited mischief; and if she did not know that, she was deceiving herself. In addition to some useful work that the UN has done, such as in collecting and disseminating statistics, it has exercised very great power—just as it was meant to do.

UN's Wars

For instance, it fomented a bitter and savage war in Palestine. On November 29, 1947, the Assembly of the UN adopted a resolution recommending the partition of Palestine. Drew Pearson, in his column of December 3, 1947, said that President Truman had "cracked down harder on his State Department than ever before to swing UN votes for the partition of Palestine."

This "recommendation" was seized upon by the Zionists, who were able, through their influence with the press and with other means of communication, to represent to the American people that the recommendation was really a binding decision of the UN.

As a result, the Zionists invaded Palestine and drove out roughly a million Arabs, many of them Christians and the ancestors of most of whom had lived in Palestine for a thousand years or more. Most of these are still homeless and living in refugee camps. Few acts in history have been as heartless. Few are likely to be so costly to the United States. And it was a UN accomplishment.

By this war the Arabs, whose goodwill towards the United States had been established over a hundred years by missionaries, educators and businessmen, became, and have remained, exceedingly hostile to the United States who, they feel, was, through the UN, the prime factor in the partition of Palestine.

And not only are the Arabs alienated from us, but the entire Moslem world, numbering as high as 300 million people, has become predisposed against us.

Then the UN, under the prodding of President Truman, precipitated the war in Korea, which has become a graveyard of nearly 20,000 Americans. And the end is not yet. In fact, the State Department, as at present set up, seems to contemplate a ten-year war. Since we are losing from 8 to 10 thousand in killed each year (the casualty report in The New York Times of October 9 listed 137 dead for the week—about 20 per day)—in addition to other casualties, a little arithmetic will show us what the cost will be to American youth in the future. American mothers and fathers ought to take quite an interest in this particular UN achievement.

Recently it was announced that the UN will rebuild Korea. If the American share is comparable with her share of the killed and wounded, American taxpayers may well hold their hats.

The United Nations clearly will bring us, not collective security, but collective insecurity. That insecurity will continue, till American, exhausted, is taken over by a world government. Their own security will then become like security in Russia today—or in any American prison.

This "Peace" Organization

Dangerous as is this "peace" organization to the real peace of the world, its even greater danger lies in its attempt hopelessly to involve the United States in the affairs and liabilities of all other nations. The UN is the spearhead of Socialism and Communism.

A striking thing about the UN is that our own State Department is 100 per cent back of it. What shall we think of a government, the leading department of which is out to promote an organization whose aim is the overthrow of that government?

We have before us a pamphlet entitled "Teaching about The United Nations in the Schools and Colleges of the United States." It is published by the Department of the State, and if you will send 10 cents to the U. S. Government Printing Office, Washington, D. C., you will receive a copy. It is Department of State Publication 4649, International Organization and Conference Series III, 83!

This pamphlet discloses the tremendous effort, and indicates the amount of your money, spent by the State Department in propagandizing the United Nations in

DEMOCRACY! DEMOCRACY!
THE CLOAK FOR HYPOCRISY

the schools, colleges and universities of the country.

We read, on page 28, under "CONCLUSION," in part as follows:

"Looking back over the past 2 years, we have seen a steady growing concern to expand and improve education for international understanding, and specifically teaching about the United Nations, at all levels from pre-kindergarten through college and university to the general adult population, throughout the United States," (italics ours)

The writer of this does not say where "we" have seen this "steady growing concern." In our opinion there has been no concern whatever about it on the part of the people. It is just eyewash—subtle propaganda by the State Department. But multitudes of people are deceived.

"Winning the Peace"

We live in an age of slogans. One of the commonest is the talk about "winning the peace." Paul G. Hoffman wrote a book a year and a half ago entitled "Peace Can Be Won."

Until these last 30 years we have never seen this phrase. We usually think of winning wars—not winning peace. Peace is merely a matter of a return to a Christian, friendly, charitable attitude toward other nations. That was the attitude adopted at the Congress of Vienna in 1815, and the general peace made there lasted in Europe nearly 100 years.

"Winning the peace" is sheer camouflage, a smoke-screen for other more subtle activities. All peoples want peace. Only scheming politicians, unwilling to do their task the simple, natural way, stir up wars.

High Pressure Promotion

A chief factor in promoting the UN is the American Association for the United Nations. That organization in each of the last few years has appointed a "Business and Industry Committee for United Nations Week and Day."

In preparation for their campaign for 1951, a communication was sent to a large list of businessmen throughout the United States asking each to contribute \$100 toward the expenses of the Committee, and to lend his name as a member. About 900 fell for the appeal, or at least their names were published by the Association.

We wrote last year to all the men on this Committee, mentioning their listed membership and sending a copy of Council Letter 276 entitled "The Menace of the U.U.—The Road to Socialism and Communism." We asked each for his comment on this Letter.

Some replied they had contributed to the fund but had not authorized membership on the Committee.

A large manufacturer wrote, "Let me add that your Council Letter 276 dated December 1, 1951, seems to the writer to be quite an accurate picture of the United Nations and its effect on this country."

A prominent Californian said, "I feel they (the UN) are a complete failure, and I will probably withdraw my support and ask them to take my name off the Business and Industry Committee."

The President of a large Chicago concern said, "I have read Council Letter 276 with considerable interest and can find no fault with the conclusions arrived at. I feel that the sooner we can get rid of this 'super' government the better it will be for the administration."

A Minnesota manufacturer said, "I am not in favor of the United Nations, at least as it is drawn up, and I question the possibility of it ever working. We as usual will be the goats and the American people will be the losers."

One Pacific Coast manufacturer said, "Two years ago or so I permitted my name to be used as sponsor of United Nations Week, as I recall. But when approached this year I definitely declined."

Yet the names of all these men and many more who expressed similar views were used by the Association to propagandize the American people.

It is apparent from our correspondence that many of the persons listed by the American Association for the United Nations as members of the Committee to promote "United Nations Week and Day" are half-hearted in their interest; joined only because they saw some big names on the list; had become convinced to a greater or less extent that the UN boded no good for the United States, or had actually forbidden their names to be used. In other words, high pressure promotion was a great factor in ballyhooing the UN.

Trygve Lie, Secretary of the U.N., smiles amiably while talking to Zionist Ernest A. Gross, Jew. U.S. Representative. As Norway's Minister of Justice in 1936, Lie performed a great service for Stalin: he was instrumental in deporting Stalin's arch-enemy, Leon Trotsky, from Norway.

Trotsky, one of the founders of the Communist International, in 1937 referred to Lie as "the Minister of Justice who is a member of the Communist International."

As Secretary-General, Trygve Lie is authorized to select all U.N. employees.

MARXIST JEWS RUN UNITED NATIONS

(Editor's note:

The following article appeared in COMMON SENSE, issue No. 146, September 1, 1951. Note that more than a year ago COMMON SENSE published the name of David Zablodowsky, Director of Publications, as an enemy to America. This article is republished now so that thousands of new readers may be informed and learn that the United Nations, like the League of Nations is a Jewish creation just as is Communism to bring about slavery of Christians who do not cooperate in their Talmudic plan.)

The Jewish plan for world conquest and for ruling the entire world is now well underway. There is every likelihood that the future "World Government" will be the organization presently known as the United Nations. Already the world has been divided into two concentrations of power—one controlled by the Jews of Moscow under the Jewish Seal of Solomon (Five pointed Star) and the other by American Jewry of Wall Street under the U. N. O. banner of pale blue and white, the same blue and white used for the Israeli flag.

The arch hypocrite of all times, Bernard Baruch, Dictator of the U.N. Atomic Commission, has called for economic conscription in the United States which will mean further and even tighter concentrations of economic power into the hands of American Wall Street Jewry. The internationalization of raw materials, the European Army, the European Parliament at Strasbourg, the Schuman Plan (originated by the Jew, David LILIENTHAL, not—of course—by the French Foreign Minister Mr. Schuman) all tend to weld together the non-Communist world more firmly in the clutch of American Jewry.

All that is now required is for the two giant power mechanisms, one operated by American Jewry under the pale blue and white Israeli colors, and the other by the Moscow Jewry under the five pointed star, to merge into one giant "Super State."

It is reported that the target date is 1955—hence the "World Government by 1955" Movement. If the five pointed star of the Soviet block be added to the pale blue and white U.N.O. flag by, say, 1955 all that will then be required for the "World Flag" to be identical with that of the new State of Israel will be to add one point, i.e., change it to the six pointed Star of David.

Plans call for giving to the U.N.O. all atom, hydrogen bombs—armies—navies—air forces, for they are "too dangerous to be left in the control of any power or group of powers." Ultimately the U.N.O. Army and atom bomb force, operating from Jerusalem, will be used to stamp out any Gentile revolt. The Jewish U. N.O. will be supreme and anything which can be interpreted as "anti-Semitism" (U.N.O. Genocide Convention, drafted by the Polish Jew Professor Raphael Lemkin, now on the staff of Yale University will cover the "crime") will be punishable by prison or death.

Because the rule of the U. S. S. R., as outlined in COMMON SENSE'S issue No. 143 which listed Jews in key spots in Communist countries, so neatly interlocks with the United Nations Organization, a partial listing of Jews in the U.N.O. is now being published.

FROM MAJOR JORDAN'S DIARIES

Major Racey Jordan Ret. has done an excellent job in writing his diaries of the great Russian Lend Lease swindle. As an expeditor, Major Jordan forwarded almost 10 billion dollars worth of planes, guns, ammunition, machinery, supplies, Atom bomb ingredients, etc. from American bases to Russia. As these precious needed supplies were being sent to Russia our U.S. forces lacked the necessary means of fighting the war.

Major Jordan calls his book "The Greatest Catalogue in History". The list which he made of the items going to Russia includes everything from Atom bomb chemicals to dolls: from engineering material to lipstick: from manganese to antique furniture. There was even an order for one curved tobacco pipe. (Most likely for pal Joey).

Every American who wishes to know how the traitors in high places have given our resources and top secrets to Communist Soviet Union should read Major Jordan's Diaries. Price \$3.50 Order from COMMON SENSE.

Paul Warburg of Kuhn, Loeb Co., wrote the Act, with Baron Alfred de Rothschild of London helping him.

This book compiled from hitherto suppressed Congressional reports and archives, tells how three Jews, Bernard Baruch, Eugene Meyer, and Paul Warburg, ruled the United States during the First World War, while Warburg's brother, Max Warburg, was head of the German Secret Service and personal banker to the Kaiser. CHARTER FOR U N DRAFTED BY ZIONIST

—(Continued from Page 1)—

uals. Concerning Pasvolksy, a Russian-born Jew who has become one of the leading advisors of the U. S. government, the **Chicago Daily Tribune** stated:

"Leo Pasvolksy, Russian-born ardent internationalist, knows more about the new League of Nations to preserve peace than any other person in the world. That's because he wrote the first draft of the charter of the world peace league and attended its revision and amplification all the way from the first day of the Dunbarton Oaks Conference to the last day of the San Francisco Conference. He bids for fame as the father of the Charter . . . President Truman has appointed Stettinius the United States Representative in the world peace league. And Pasvolksy is to go right with Stettinius to the capital of the league, when it is selected, to guide the American delegate through the maze of the Charter and provide him with the answers to the questions that will arise. For Pasvolksy knows all the answers, can give them before the questions are asked. . . . He was brought into the department as an economist . . . and successively advanced to the highest rank outside of those positions filled by Presidential appointment subject to Senate confirmation. Pasvolksy, now a naturalized American citizen, was born in Pavlograd, Russia, 1893, and came to this country with his parents in 1905. . . . He has published several works on Russia including the 'Economics of Communism.'"

THE ELECTION

At least the people have awakened. The New Deal received a blow in the solarplexus. Our Lord has seen fit to give America a little more time. This was not a 100 per cent victory against Marxism, but it is very encouraging to those of us who have been fighting like COMMON SENSE for seven years exposing the Un-American pro-Communist, anti-Christian plan of the masterminds of the New Deal which were calculated to confuse and bankrupt this country.

The big percentage of the vote for the Republican party was not a vote for Eisenhower, but a vote, against the corrupt Marxist New Deal. The same powerful Zionist International group which has been in complete control of the New Deal for twenty years also has used Eisenhower to do an important part in this plan to break down European countries for communism and used our State and Treasury Departments to pay thousands of communist government employees who have been spending most of their time in building up communism. We have very little confidence in Eisenhower personally as he stands for a number of dangerous movements the same as Stevenson does, but it can not be denied that this election will upset the Marxist in this country. They will now try to align themselves with this new administration and work in so as to carry on their plan for Jewish control. Millions of Americans will be watching Eisenhower who will be under terrific pressure from evil forces for which Thomas Dewey, John Foster Dulles, H. Cabot Lodge, Wayne Morse and Harold Stassen are fronting. Informed Americans will support Senators Joseph McCarthy, William E. Jenner, Everett M. Dirksen, Pat McCarran, John W. Bricker and George Malone as the pro-American forces in this new administration. Real Americans have had enough of the New Deal and will not tolerate the New Deal under a Republican administration.

COMMON SENSE is opposed to World Government; the U.N.; the United World Federalists; Americans for Democratic Action; FEPC and NATO and supports the McCarran-Walters Immigration Bill; advocates the outlawing of communism, and the firing of Dean Acheson and Anna Rosenberg.

Few people realize that officeholders in the U. S. are not free to do what they think is best for our country. The U. S. is run by pressure groups which have formed blocks of voters, and this is held over the heads of politicians. Pressure groups use publications, arrange lavish dinners, present plaques and feature speakers to popularize those who carry out their plan. To defeat these evil pressure groups, there must be an awakened patriotic citizenry organized under trustworthy leaders who understand the enemy and have the courage to back the enemy down. Is this country worth saving? The enemy is organized and financed. Millions of Americans have been awakened during the last few years. Let's double that number and organize to fight for freedom.

U N A MARXIST SETUP

—(Continued from Page 1)—

the United Nations is a Jewish setup. Should any of these papers even mention the word Jew in this connection, the Anti-Defamation League of B'nai B'rith (Invisible Government) would have a committee at the Editor's office the same day and the Editor would get on his knees, if necessary, to prevent the withdrawal of all Jewish advertising. This would mean practically all his advertising as the Jews now control almost all of the merchandising establishments which advertise. We are presenting some facts to the reader so that he may see when this Communist jigsaw puzzle is put together, it spells Jewnited Nations.

The United Nations Charter was written by Leo Pasvolksy, a Russian born Jew with the assistance of Alger Hiss, the 1952 Benedict Arnold.

Trygve Lie, Stalin's personal choice as head of U.N. is a gentile (who they think can be trusted). The gentile is almost always used as a window dressing.

Benjamin Cohen, a Jew from Chile, is just under Lie, and his job is to see that Lie follows the Jew plan.

Ernest A. Gross, Jew, is U.S. Representative.

Pick up your papers of the last few days and read where David Zablodowsky, also a Jew and head of publications, is tagged as a Communist by Whittaker Chambers and he ties Zablodowsky up with Donald L. Robinson and his wife Ruth, who were important underground operators. Robin-

In the midst of all these communist exposures in the United Nations appears the name of J. Peters, alias Alexander Stevens who for twelve years was boss of the Communists who operated underground in the United States. The papers wouldn't dare publish his correct name, Isador Boorstein, as the Anti-Defamation League would promptly pay a visit to the editors.

Isador Boorstein, after directing Communist espionage for twelve years in the United States, was allowed to deport himself with all the information he had gathered same as Gehardt Eisler, Jew. Eisler was Moscow's director from the U. S. and was assisted in escaping on the Polish Communist ship Battery. He is now Director of Propaganda for East Germany.

Of the 2,000 U. S. employees in the U. N., we would estimate at least 85 per cent of all but janitors are Marxists. The U. S. Senators have no authority to investigate employees from other countries employed in the U. N. However, our estimate of Communists among them would be 100 per cent. If the United States was not hopelessly ruled by Jews, all of these foreign spies would be put on ships and sent home.

Many employed citizens of the United States have refused to state whether or not they are Communists. The Senators who are active in removing this nest of spies are Senator O'Connor of Maryland, Senator James Eastland of Mississippi, Senator Alexander Wiley of Wisconsin and Congressman John Wood of North Dakota. These patriotic lawmakers deserve our courageous support as they will be smeared.

Let's get the U. S. out of the U. N. and the U. N. out of the U. S.
